About me

I am a highly motivated individual with expertise in PERN who is eager to demonstrate my skills as a Software Engineer. Motivated to strengthen and broaden my skill set through challenging tasks.

See my github at https://github.com/Nuryyyy

Projects

Midnightwrite — Capstone Project (2022)

An easy-to-use blog wherein the user can upload an image to accompany their article. As well as being able to see and change their own profiles, users may also communicate with others by sending them messages.

Shecode— *Portfolio Project (2022)*

A personal website where I may showcase my work as an emerging full stack software developer, and tell you a little bit about myself.

Quiz Game — *Python Hands-on Project (2022)*

A Python trivia game about software engineering. Two parts make up the test: a true or false question and a numerical selection. After the test, your score is determined.

Hangman — *Python Hands-on Project (2022)*

Players attempt to guess a random word within a set number of opportunities. With the following specs: the maximum number of tries a user is allowed and a time limit of 30 seconds in which they must guess a word.

Text-based Game — *Python Hands-on Project (2022)*

An entirely text-based input-output simple game using Python. Taking the form of input, the player's decisions shape how the game's protagonist responds to the events unfolding before them.

Simple Chat-App — *Javascript (2022)*

A simple messaging application that includes features such as user profiles and conversation logs. Socket.io was utilized to set up real-time communication between clients and server.

Education

StackTrek / Full Stack Software Developer

June 2022 - December 2022, Finman Centre, 131 Tordesillas, Salcedo Village 1227 Makati, Philippines

Western Mindanao State University / Bachelor of Science in Electronics and Communication Engineering

June 2012 - October 2018, Normal Road, Baliwasan, Zamboanga City

▪ Served as Vice President of the school JIECEP – WMSU Chapter Organization for 16-17
▪ Served as President (regional) for JIECEP - Zamboanga Chapter Organization for 16-17

Skills

- **Programming Skills**
  - Python
  - Javascript
  - Bootstrap
  - React.js
  - HTML
  - PERN (Postgresql, Express.js, React.js, Node.js)

- **Personal Skills**
  - Analytical & Problem Solving skills
  - Adaptability
  - Flexibility
  - Great capacity in learning new technologies
  - Good Communication & Interpersonal Skill

Award

Top Student
Awarded by StackTrek

Best in Capstone Project
For *Midnightwrite* awarded by StackTrek

Leadership Award
In recognition of exemplary performance and exhibited service and leadership as JIECEP - WMSU - President for External Affairs

Service Award
In recognition of tireless and meticulous service for the benefit of College of Engineering & Technology
